\* This is a FUN RECREATIONAL League consisting of a wide variety of skills and experience. We will work on strengthening skills and learning the game. We will insist on an environment of good role models and Positive peer pressure. We will work to build individuals of this running community UP, through exercise, discipline, coaching, mentoring and our common interest in track.

\* Individuals will be given ONE CHANCE and one chance alone. There will be no name calling, walking off the track, swearing or disrespect of any kind to anyone. *We are not perfect, but in the interest of keeping this fun for everyone, we can not and will not tolerate unsportsmanlike behavior. We will expel players from the league with no monetary refund for offensive behavior to another player, coach or referee.* **INITIAL HERE!!!**

\* Attendance is crucial to the progression of learning the sport and being part of a team. This is our first year running a league for younger kids in preparation of them possibly joining the schools teams. The more commitment that is shown especially through attendance, the more prepared they will be. If you foresee an attendance issue, we suggest you wait for another season where it would not be an issue.

\* ONE Shirt will be provided. If you loose it, there is a \$12 re-order fee. Additional shirts may be ordered now for \$8.
